

Important Reminders for Natural Areas

- To maintain cleanliness, littering is prohibited, and trash bins should be used.
- Care should be taken not to harm trees and plants.
- Maximum effort should be made to avoid participating in activities that harm living creatures and natural habitats.
- Noise and loud music should be avoided during visits to natural areas.
- Under no circumstances should fires be lit in natural areas.
- Smoking is strictly prohibited.

Important Reminders Regarding Wildlife Species

As a facility, we refrain from engaging in or promoting the harvest, consumption, and trade of wildlife species. We also avoid purchasing or encouraging the sale of illegal products and souvenirs derived from endangered wildlife species as reported by IUCN (www.iucn.org) or CITES (www.cites.org).
