

CHILDREN'S RIGHTS, EXPLOITATION AND HARASSMENT POLICY

We are entrusted with children by the future. Knowing them as individuals, paying respect to their rights, and keeping them safe and protecting them from any kind of psychological, physical, and commercial exploitation is our prioritized responsibility. To achieve this;

- We do not allow employment of child workers in our organizations and we expect the same sensitivity from all our partners.
- We provide environments/opportunities within the enterprise that contribute to the development of children, where they can easily express their thoughts, wishes and feelings and feel free and comfortable.
- We provide training to our employees on preventing and noticing child abuse.
- We make sure that children are under the supervision of adults in the activities they participate in.
- We organize training courses and support relevant projects to raise awareness about the protection of children's rights.
- When we witness suspicious actions regarding children, we first inform the hotel management and, if needed, seek help from official organizations
